- Five topics proposed

# **Nathan Freitas**

**NYS Senate Lead Technologist**

- Proposed
  - To support government entities in the effective use of cloud computing by providing policy and technical guidance through educational programs.
- Definition of cloud computing
  - Adopt the National Institute of Standards and Technology (NIST) definition of cloud computing
  - <http://csrc.nist.gov/groups/SNS/cloud-computing/cloud-def-v15.doc> -or- search “NIST cloud computing” on Google

- Types of programs
  - Survey
  - Papers
  - Repository
  - Webcasts
  - Individual Seminars
  - Conference

## • Planning Session Results

- Explore ways that state/local government agencies might pursue cloud computing in a shared service environment
- Conduct (in Albany and NYC) a “Cloud Computing 101” program illustrating actual use cases in public and private environments using different aspects of cloud computing technology
- Address the issues of privacy and security in the context of cloud computing
- Determine the status of international/national/state/local cloud computing standards and who is influencing those standards
- Conduct a business analysis for justifying procurement of SaaS and other cloud technology
